As in agricultural lines of every description, the lower Rio Grande valley is a long way ahead in the number of acres of rice planted to date. The season started earlier here by 41 days this year and bids fair to develop another bumper crop of the pearly cereal. Up to this morning, the total acreage planted was about three thousand. This is said to be less than half of the entire acreage that will be devoted to rice in this vicinity. All of this is planted on land which is irrigated by the Brownsville Land & Irrigation Company.

The Ladies' Card club is entertained this afternoon by Mrs. Aug. Celaya.

The "Round Dozen Club," a social organization lately launched in Brownsville, was entertained yesterday morning by Mrs. R. B. Creager. As its name indicates, the members of the club number twelve. The meetings are devoted to sewing, reading new books and social chat, being entirely informal and imposing no obligations upon the members beyond that of having a pleasant time. Light refreshments are usually served during meetings. With Mrs. Creager as hostess, the club spent an unusually pleasant morning.
